

I have read and agree to follow all SCHS and Academy Policies as outlined below and detailed in the Academy of Information Technology and Robotics Student Handbook.

CREEKCONNECT

All Academy teachers will be using the SCHS online grade book, CreekConnect (www.creekconnect.com)

ACADEMY SHIRTS

Students will be required to buy an Academy polo shirt each year. The shirts are a blue wrinkle-free fabric with the AITR logo on the left. The cost of the shirts and lab fee is \$35.00 and will be collected during the first two weeks of school. Students may also buy an optional black Academy shirt to be worn on Wednesdays, but they must have a blue shirt for official Academy functions. The cost of the black shirt is \$25.00.

ACADEMY DRESS DAY

Every Wednesday will be Academy Dress Day. All Academy students must wear their Academy polo shirt - **all day**. Grade points for dress will be given by each AITR teacher.

TEAM Daytona (ROBOTICS TEAM)

To be eligible for over \$9 million in scholarships, students interested in robotics must have a minimum of 200 hours of participation in robotics team activities over four years. Team participation is by invitation. If you are interested, please let your teacher know.

ATTENDANCE

In order to maintain good standing within the Academy, all students are expected to attend every class period. If a student must be absent due to illness or other emergencies, that absence must be excused by a parent. Excessive absences or tardies can result in dismissal from the Academy

ACADEMIC STANDING

Students must maintain a 2.0 GPA in order to remain a member of the Academy.

DISCIPLINE

Academy students are required to follow all school rules and display appropriate behavior while in school and on any school field trips. More than two discipline referrals could result in dismissal from the Academy.

ACADEMIC HONESTY

Students are expected to learn the rules and definitions that underlie the practice of academic integrity. Any student who attempts to compromise the academic process through academic dishonesty will be referred to the Discipline Office. Three academic dishonesty referrals will result in dismissal from the Academy.
